

Gas hot air gun

GENERAL INFORMATION

■ Description

Gas stripper allowing full mobility in use with new patented flame-retention technology to ensure safe operation.
Supplied with the following accessories:

- Deflection nozzle.
- Reduction nozzle.
- Feet for vertical support.

Delivered without gas charge.

Rechargeable with BIZ 700 213 butane gas refills.

■ Technical details

Temperature: 550 °C (maximum).

Maximum cartridge capacity: 100 g butane gas.

3 hrs stand-alone operation per full recharge.

■ Application(s)

For heating heat-shrink sleeving, plastic and rubber sleeves.

For plumbing work such as soldering of copper pipes, or for thawing frozen pipework, etc.

For stripping and drying paintwork on wood surfaces.

■ Instructions

1. Assemble the gun and the cartridge by screwing both parts together.
2. To start using the torch, turn the thumb wheel on the top towards “+” by a quarter turn and press the switch.
3. To turn off the torch, turn the thumb wheel on the top towards the “-” as far as possible.
